INTERNSHIP EXPERIENCE

Gentoo Linux

Oct. 2022 - Nov. 2022

Proxied Maintainer

- Created and managed Gentoo linux build files and patches using git.
- Worked with program compiling processes, such as make and cargo, extensively.

WORK EXPERIENCE

Bristol Doughnut Company

Dec. 2022 - July 2023

Front of House/Barista

- Worked with coworkers to accomplish baking and drink-making tasks and maintain an organized environment.
- Interacted with customers, providing pleasant conversation whilst completing orders in a timely manner.

PROJECTS

nsay (WIP): A small script that turns text input into morse blinking via your numlock indicator.

hexxpace: A small decoding/encoding script that turns text into hexadecimal characters represented by whitespace (and back).

portfolio (WIP): A personal portfolio displaying past and current projects I'm working on (incomplete).

SKILLS

Working with linux on both high and low levels. Primarily uses Arch linux, but fluent in many.

Works well in a variety of programming languages, including Rust, C, Shell, Java, and Python, as well as some markdown languages such as LaTeX, MD, and HTML.

Experienced in device-side network debugging and some basic inter-device networking, such as opening/accessing devices via ports and using docker apps.
